

**Mike Huckabee**  
Governor

**George French**  
Interim Director

**FOR YOUR INFORMATION:**

It is with deep compassion that the Adult Education Section of the Department of Workforce Education (DWE) is responding to Governor Mike Huckabee's call for state agencies to offer help to the hurricane victims through Operation Katrina Assistance and Relief Effort (KARE).

We are authorizing all of our adult education centers to provide services to the refugees who would like to continue or begin Basic Adult Education courses, GED classes and tests, or English as a Second Language (ESL) classes. These classes, which are available free of charge to Arkansas residents, will be free for hurricane refugees.

The location of the adult education centers is available online at <http://dwe.arkansas.gov/AdultEd/adulteducationcenters.html>. For more information about the adult education services, call George French, interim director of DWE and deputy director of the Adult Education Section, at (501) 682-1970.
